

## COUNTY INFIRMARY BURIALS

### Mahoning County, Ohio

The "Old County Home" on Herbert Road in Canfield Township, Mahoning County, Ohio, had various names over the years. Called the "County Home", the "Poor House" and the "Infirmity", it was actually all three. People who were homeless, infirm, the elderly, the very young, rich, poor, white or 'colored' were taken care of here. Some stayed only a short time, perhaps until they found work or 'got better'. Some came here to stay until they died, whether it be from illness or old age. Many were alone in the world and had no-one to care for them. Women gave birth here, as evidenced by those entries that state in the records "still born child".

So far we have not been able to establish when the home was built. It was, apparently, after the Civil War. There were at least 2 fires at the home over the years and the very earliest records are presumed to have been lost.

There is a large volume in the County Commissioner's office titled: REGISTER OF MAHONING COUNTY INFIRMARY. It contains the names of all those people who were admitted to the home during the years 1889 to 1935. Around 1,110 people died there and 438 were buried in the cemetery on the grounds. There are no tombstones, but a numbered tile was placed at each grave and that number was entered beside the name in the "REGISTER." Most of the tiles are still extant, so it may be possible to locate a particular grave, though we cannot promise that. To our knowledge these deaths are recorded nowhere else. We have checked the death records at the courthouse and at city hall. We did not check with the Bureau of Vital Statistics in Columbus, but those deaths entered here, that occurred before December, 1908, would not be on record there.

The people named in this list of 438 County Infirmity burials may, at some future date, be memorialized on a plaque at the site of the burials. The compiler felt, to make sure the correct names were engraved on the plaque, he should do some editing of the Christian names to avoid possible errors. For example, those abbreviations that are obviously shortened versions of a full name, and should not be used as entered (in the record book) were expanded to the full spelling. These include such abbreviations as: Wm. for William; Geo. for George and Jas. for James. Names that may be shortened versions of a name, but are often used as full names, were left exactly as found. These include such names as: Andy, Ed, Mike, Steve and Pete. Surnames were copied exactly as found.
